Poster session

NutriConference, a unique opportunity to promote your research, expertise or experiences to NutriEvent's European audience and along side keynote speakers thanks a poster exhibition.

NutriEvent's scientific committee members have defined a seminar programme with sessions and topics to provide candidate speakers with a detailed framework and ensure the overall coherence of the conference.

Submission guidelines

Instructions for Authors

All abstracts must be submitted electronically via the abstract submission system with the following link. Submissions sent via email or mail will not be accepted.

Submissions must represent original & innovative research not previously presented. No strictly commercial presentations will be accepted. NutriEvent scientific committee will make the selection.

The body of the abstract may not exceed 500 words or 2500 characters including spacing, returns and punctuation. The title is considered separate from body of the paper and is not included in the 2500 character limit. For oral presentations, a photo and a 200 words resume must be enclosed. Upon submission, authors give NutriEvent the right to publish abstracts in any format before, during or after NutriEvent 2009.

Deadline
Friday, April 24, 2009
